

GBM POL – 008 ENVIRONMENTAL POLICY

GBM Resources is committed to ensure it operates in a manner that protects the values of the natural and social environments in which it operates.

- **ASSESS & MANAGE ENVIRONMENTAL RISK**

We will identify and control any risk of change to the Environment in all aspects of planning and operations through a documented risk assessment and management process

- **MINIMISE ENVIRONMENTAL IMPACT**

We will utilise and design exploration methods that avoid or minimise any negative Environmental impact. We will work with the community with the aim of reducing our Environmental impact whilst achieving mutually acceptable rehabilitation outcomes

- **RESPECT STAKEHOLDER'S INTEREST**

We will identify and show consideration for the rights, beliefs and concerns of relevant landholders and all other parties that have a legitimate interest in our exploration activities. To achieve this we will ensure that all of our employees and contractors are aware of their role in implementing company environmental responsibilities, policies and commitments

- **PROVIDE TRAINING**

We will provide all employees with the skills and resources required to safely perform their tasks and to fulfil their environmental responsibilities

- **PROMOTE CONTINUOUS IMPROVEMENT**

Our aim is to continually improve environmental management practices and performance. To achieve this we will regularly inspect, audit and monitor Environmental performance, seeking continuous improvement

- **COMMUNICATE OUR PERFORMANCE**

We will communicate our Environmental aims and objectives to our employees, contractors and relevant stakeholders, ensuring they understand their responsibilities to the Environment in which we operate

- **FULFIL OUR LEGAL OBLIGATIONS**

We will operate in compliance with relevant legislation, codes of practice, best practice and community expectations. We are committed to pollution prevention and waste minimisation and have the appropriate response plans in place for potential emergencies
